Limited Warranty for PV Modules

Jinko Solar Import and Export Co., Ltd. ("Jinko") warrants its Modules' performance starting from the date of sale to the first customer installing (for their own use) the Modules ("Customer") or starting at the latest 6 months after Modules dispatch from the Jinko factory, whichever occurs earlier (the "Warranty Start Date").

1. Limited Product Warranty – Ten Year Repair or Replacement

Jinko warrants that the Modules together with the factory-assembled DC connectors and cables are free from defects, if any, in materials and workmanship under normal application, use, installation and service conditions for a period of one hundred and twenty (120) months from the Warranty Start Date. If Modules malfunction or become inoperative due to defect in material or workmanship during the period of one hundred and twenty (120) months from the Warranty Start Date, as proved by an independent testing agency that will be selected and confirmed by Jinko and Customer in advance, Jinko will, at its sole option, either repair or replace the malfunctioning or inoperative Modules. The repair or replacement remedy shall be the sole and exclusive remedy provided under this Limited Product Warranty and shall not extend beyond the period set forth herein. This Limited Product Warranty does not warrant a specific power output, which shall be exclusively covered under the Section 2 hereinafter ("Limited Peak Power Warranty").

2. Limited Peak Power Warranty– Limited Remedy

12 years

Provided that, within a period of twelve (12) years from the Warranty Start Date, any Module exhibits a power output less than 90% of the nominal power as documented in Jinko's product datasheet, and such loss in power is determined by Jinko, at its sole discretion, to be due to the Modules' defects in material or workmanship attributed to Jinko and so proven by an independent testing agency who will be selected and confirmed by Jinko and Customer in advance, Jinko will, at its sole option and discretion, either (1) make up such loss in power by providing to Customer additional Modules; or (2) repair or replace the defective Modules including free shipping to the place supplied by Jinko.

25 years

Provided that, within a period of twenty-five (25) years from the Warranty Start Date, any Module exhibits a power output less than 80% of the nominal power as documented in Jinko's product datasheet, and such loss in power is determined by Jinko, at its sole discretion, to be due to the Modules' defects in material or workmanship attributed to Jinko and so proven by an independent testing agency who will be selected and confirmed by Jinko and Customer in advance, Jinko will, at its sole option and discretion, either (1) make up such loss in power by providing to the end-user Customer additional Modules; or (2) repair or replace the defective Modules including free shipping to the place applied by Jinko.

The remedies set forth in Section 2 are the sole and exclusive remedies provided under the Limited Peak Power Warranty.

3. Exclusions and Limitations

(a) Warranty claims, in any event, shall be filed in writing to Jinko or its authorized distributors within the applicable warranty period and not beyond the last day of the applicable period of time as stated above.

(b) The Limited Product Warranty and Limited Peak Power Warranty shall not apply to the Modules which have been subject to:

- Misuse, abuse, neglect, vandalism or accident;
- Alteration, improper installation or application;
- Repair or modifications that do not strictly follow the manufacturer's instructions;
- Non-observance of Jinko's maintenance instructions;

- Power failure, electrical spikes or surges, lighting, flood, fire, accidental breakage or other events outside Jinko's control.

(c) The Limited Product Warranty and Limited Peak Power Warranty do not cover any costs associated with installation, removal or re-installation of the PV-modules and (except as explicitly set forth in the last paragraph of the Section 5) customs clearance or an, Limited

10. Force Majeure

Jinko shall not be in any way be responsible or liable to the Customer or any third-party arising out of any non-performance or delay in performance of any terms and conditions of sale, including this Warranty, due to fire, flood, blizzard, hurricane, thunder, acts of God, changes of public policies, terrorism, war, riots, strikes, unavailability of suitable and sufficient labor or materials and other events which are out of control of Jinko.

NOTE:

"Peak Power" is the power in watt peak that a PV-module generates in its maximum power point under STC condition. 'STC' are as follows: (a) light spectrum of AM 1.5, (b) an irradiation of 1,000W/m2 and (c) a cell temperature of 25 degree Centigrade at right angle irradiation. The measurements are carried out in accordance with IEC61215 as tested at the junction box terminals per the calibration and testing standards of Jinko valid at the date of manufacture of the PV-Modules. Jinko's calibration standards shall be in compliance with the standards applied by international institutions accredited for this purpose.
